**Tradition, art and flamenco's magic
in an unforgettable night**

The show embarks on a journey through some of the different branches of Flamenco, which allows our artists to unleash all of their talents. The unique nature of the environs and the reduced number of spectators produce an intimate and magical atmosphere, which captures the spirit of traditional Flamenco native to Andalusia.

Every night, two dancers, a singer-songwriter and a guitarist from our roster of artists, all professionals with an impressive artistic background, perform popular dances and songs, as well as guitar solos.

La Casa del Flamenco is the ideal place to learn to love the most representative expression of our tradition and soul: beauty, passion, art and emotion, in a house bathed in History.

La Casa

A space with charm in the heart of Seville

A unique place, bathed in History

The main courtyard of the palatial residence dating back to the 15th Century houses stylish Flamenco performances every evening. Its archways and marble columns, its traditional handcraft tiling, the aroma of the flowers, the trace of almost six centuries of history, create a unique atmosphere for you to enjoy the best Flamenco show in Seville.

The house, which dates back to the 15th Century, was given a major overhaul in the 18th Century, when it belonged to Justino de Neve, patron of the arts and friend of the painter Murillo.

The acoustics of the premises are also unrivalled, as they allow for microphones and amplifiers to be discarded, offering thus a more natural and genuine sound. Furthermore, the crowd is seated very close to the stage, so that you can feel all the intensity as the heel crashes to the ground.
